

Syed Shabab Haseeb

**Master 2 in Thermal Science
and Energy**

2023/2024

Pôle Sciences et technologie
Nantes Université

Bâtiment Isitem

I am Syed Shabab Haseeb, and I am from the city of Gujrat, Pakistan. I obtained a Bachelor's degree in Chemical Engineering at the University of Gujrat. During these first years, my fascination for the world of thermal science and energy deepened. I am now pursuing my studies with a Master's degree in Thermal Science and Energy (TE) at Polytech' Nantes.

Why did you choose France and particularly Nantes for your studies?

France's rich academic heritage, global recognition for quality education, and the opportunity to study in English were attractive factors. Nantes, with its historical significance and vibrant student life, was a natural choice. I specifically opted for the Master TE courses at Polytech' due to its renowned reputation, advanced curriculum, and alignment with my passion for exploring cutting-edge research and innovation in these fields.

What is your best memory in Nantes so far ?

One of my most cherished memories in Nantes is exploring the awe-inspiring *Château des Ducs de Bretagne*. The grandeur of this historical castle, its well-preserved architecture, and the fascinating exhibitions inside transported me to a different era, making it an unforgettable experience.

What about student life?

Polytech' offers a dynamic student life enriched by the vibrant *café culture* in Nantes. The city boasts a multitude of charming *cafés* that offer not only excellent coffee but also a relaxed and welcoming atmosphere. Additionally, the gymnasium facilities at Polytech' are top-notch, providing a great outlet for physical

well-being. Finally, the computer labs and library resources have been indispensable in my academic journey, offering a conducive environment for research and study.

What do you think about the teaching methods?

The French way of teaching, emphasizing critical thinking, practical application, and interactive learning, has been a transformative experience. The professors at Polytech' Nantes are highly knowledgeable and approachable, fostering an environment conducive to learning and research. Their expertise and guidance have been invaluable.

What advice would you give to international students considering joining Polytech' Nantes?

I would wholeheartedly encourage international students to consider Polytech' Nantes for their Master's programme. The institution offers a diverse and enriching academic environment, a supportive community and access to a wide range of resources that contribute to personal and professional growth. Embrace the cultural diversity, immerse yourself in the rich academic experiences, and seize every opportunity for growth and exploration.

Is there anything you would like to add?

I would like to express my gratitude to Polytech' for providing me with an exceptional learning experience. My journey here has not only broadened my academic horizons but has also enriched my cultural perspective, fostering personal growth and global awareness.
